We welcome everyone working in the following and its related fields:

**IoT/IoE in Health**
- IoT Applications in Healthcare
- Remote Patient Monitoring
- Tracked Ingestible Sensors
- Mobile Health
- Smart Hospitals
- Challenges of IoT in Healthcare
- Advantages and Disadvantages of IoT in Healthcare
- IoT: Current Trends & Future in Healthcare

**Molecular Diagnostics**
- Lateral Flow Assay
- PCR/real time
- PCR/Isothermal Amplification
- Biosensor – Optical and Electrochemical Imaging
- Surface Modification
- Nanoparticles
- Mobile Diagnostics
- Remote Sensing for Patients Monitoring

**Biomarker Discovery**
- Next generation sequencing
- Antibody engineering
- Aptamer
- Mass spectrometry

**Come join us!**

Assoc. Prof. Dr. Aziah Ismail
MDBD2020 Conference Chair
